3. San Francisco International Airport: Terminal 3 Connector, 2D Artwork Program

Project Manager Arianne Gelardin presented the public art project plan for San Francisco International Airport, Terminal 3 Connector, two-dimensional artwork program. In 2021 the sculpture *Flourish* by Alison Saar was installed in the corridor. This art opportunity is to purchase existing two-dimensional artwork to be framed and installed in the two wall niches on either side of Saar's sculpture. The art enrichment budget for this project is \$300,000. The two-dimensional artwork should relate conceptually, aesthetically, and/or in an art historical context to the adjacent Saar sculpture and contribute to the quality and diversity of the Civic Art Collection.

The committee members asked for clarification on the budget. Ms. Davidian confirmed she would follow up with a line-item breakdown of the \$300,000 Art Enrichment budget.

Moved: Beltran/Walker

The motion unanimously carried by the following vote:
